

Blancco ITAD Bundle options

Scalable Erasure and Diagnostic Solutions

Step into the future of IT asset disposition with Blancco's cutting-edge data erasure and diagnostic solutions, purpose-built to meet the unique demands of ITAD operations, at any scale.

Experience automated and expedited diagnostics, erasure, and processing across a wide range of IT assets with our tailored bundles. Choose from three customized options to efficiently manage processes, ensuring data protection, compliance, and speed to market. Plus, gain enrollment in our [Blancco Partner Ecosystem](#), with Silver or Gold level status, unlocking exclusive benefits and resources to amplify your success. The key benefits include:

Maximize Security

- ✔ **Ensure compliance** with GDPR, NIST, HIPAA, and CCPA for robust data security.
- ✔ **Remote and automatic erasure** options, enhancing security protocols.
- ✔ **Tamper-proof certificates** for every erasure, for verifiable documentation.
- ✔ **Exceed global data privacy regulations**, earning industry trust.

Streamline Business Processes

- ✔ **Automate diagnostics, erasure**, and processing for IT asset disposition.
- ✔ High-volume **mobile device processing** for efficiency.
- ✔ Utilize **pre-configurable ISOs and IBR workflows** for streamlined grading.
- ✔ Maximize asset value to reduce electronic waste.
- ✔ **Integrate seamlessly** with AMS/ERP systems via **powerful APIs**.
- ✔ **Scalable solutions** to adapt to business growth, optimizing resource utilization.

Compliance

- ✔ **Ensure compliance** with NIST SP 800-88 and industry standards.
- ✔ **Test and certify** solutions to meet stringent compliance standards.
- ✔ **Customized reports** to focus on key performance indicators.

Sustainability

- ✔ **Promote environmental responsibility** through asset reuse and CO₂ tracking.
- ✔ **Provide scalable, sustainable** solutions for long-term environmental stewardship.
- ✔ **Plan emissions savings** by monitoring CO₂ reductions.

Ready to streamline your IT asset disposal operations with Blancco ITAD Bundles? [Contact us](#) to learn how our solutions can accelerate your path to efficient, compliant, and secure IT asset disposition across erasure, diagnostics, and mobile device processing.

Please note: The benefits listed above may vary depending on the Bundle option. For a detailed comparison, please refer to our comparison chart.
